X 2/3/47 Assistant Director, Office of Operations

X Assistant Director for Collection and Dissemination

- (a) Memo from OCD,
16 January above
subject.
- (b) DF from OO to OCD,
18 December,
Subject: Daily Cables

SUBJECT: Requirements for Raw Intelligence Information

1. The requirements of the Office of Operations for raw information have been reviewed as requested in Ref. (a) and previous requests for such information are hereby revised, in order to limit them to material which pertains directly to the operating needs of this office.
2. Request for Daily Cables, Ref. (b) is revoked, but it is requested that the file of daily cables selected for the Director of Central Intelligence continue to be circulated to this office for the information of the Assistant Director.
3. It is requested that all incoming cables, reports, and dispatches (from State, War, Navy, OIG or outside sources) containing information on the following subjects be routed to this office for information or necessary action:

REMARKS:

For your information apropos my conversational reference to the subject. Note that the attached memo and Ruddock's note are both quite old. They do not present a current problem, since the junior member of OO to whom Ruddock refers has dropped the subject.

Office Memorandum • UNITED STATES GOVERNMENT

TO : LLM

DATE:

FROM : MKR

SUBJECT:

A representative from ~~OC~~ has again come to see me re access to our cables, this time bolstered by the attached copy of memo to C.D. He claims C.D. is trying to get third copy of State cables and until such a copy is obtained would like to have us take care of them re all the points listed (a) thru (j) by letting them see our cables from Cooney distribution which bear on these points. He says he is sure they are missing stuff (on)

because CBF ~~electronic~~ call him up and ask
OO to interview such and such a traveller etc
on the basis of information obtained from a State
Department Cable. What are your views?
